Dated 07-01-19

Code Of Ethics and Mechanism for Detecting Plagiarism

MECHANISM FOR DETECTING PLAGIARISM:

The college has adopted UGC'S "PROMOTION OF ACADEMIC INTEGRITY AND PREVENTION OF PLAGIARISM IN HIGHER EDUCATIONAL INSTITUTIONS REGULATIONS, 2018 as outlined by UGC and available on its website: www.ugc.ac.in . Under this mechanism when the Ph.D scholar prepares his/her thesis for the award of Doctoral degree, the student checks the thesis for plagiarism through the online software

(<http://static.urkund.com/manuals/URKUND> Plagiarism Handbook EN pdf). After submission under the guidance of his/her supervisor, the university to which thesis is submitted screens the thesis using its Plagiarism Detecting Software. After obtaining clearance from UGC Website software, the student/scholar is allowed to submit thesis to the University which accepts the thesis for evaluation only if similarities are within their prescribed limits.

Similarly in case of publication of research paper in the Peer-reviewed journal, the student/scholars and faculty members are required to check the manuscripts for plagiarism before submission to the journals using software available at UGC Website. Moreover, every journal has the mechanism to screen the manuscript as submitted by the author(s) by the software specially designed for prevention of plagiarism.

Phone : 0135-2743555 (O), 2740425 Ext. 146 (Enq.)

4) **CODE OF CONDUCT & ETHICS:** We follow the HNBGU Code of conduct for teachers available at University website vide VC, HNBGU letter No. E/255/GS dated 29/2/2000. The details are also available in Establishment section of the college.

5) **GUIDELINES FOR CHECKING MALPRACTISES IN RESEARCH AT THE LEVEL OF RESEARCH SUPERVISORS:**

The following steps have been taken by the college for keeping a check towards malpractices in research:-

- All the references mentioned by the scholars are screened and checked with original reference cited as far as possible.
- It is tried that the student has not copied the materials from the old/earlier research work undertaken in the college/university without acknowledgement.
- It is attempted that the field/experiments are really conducted as mentioned in the thesis. This is done by asking the students to verify it with the help of onsite photographs and known landmark of the research area.
